J & P TREE ROSES

J & P Tree Roses are grown on a special strain of multiflora root and stem for best results. This is a strain that transplants easily, is hardy and handles well for winter protection. These trunks are 3½ ft. tall, with bushy, well-balanced heads. Trunks of J & P Tree Roses increase in diameter in proportion to the top, an essential for success and long life in Tree Roses. They are not subject to borers and other ills common in stem of earlier kinds.

MORaine LOCUST

(Plant Patent No. 836)

The Moraine Locust is a round headed tree when young but tall and vase-shaped when older, attaining a height of 80 to 100 feet.

It grows more rapidly than the common type of locusts because of the absence of seed pods and thorns. This attribute, together with the small leaflets which mostly drift into the lawn between the blades of grass, makes little fall clean-up necessary. It stands pruning well but very little is necessary since the lower branches self-prune as the top grows wider.

It is hardy, thrives under city conditions, produces a good growth in heavy or light soil and is long-lived. It is available from our Newark nurseries this fall.

TERMS AND CONDITIONS OF SALE

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES in this list are based upon present market conditions and are subject to change without notice. These are wholesale prices and apply only to wholesale quantities; in no case will we fill retail orders even from nurserymen. All orders should be made up of 10's or multiples of 10.

TERMS. 60 days net, 2% discount 10 days from date of shipment. Interest at 6% per annum to be paid after maturity. These terms are offered to those of established credit. Cash, security, or satisfactory references are required from unknown parties.

SHIPPING. Customers are requested to give definite instructions for shipping. In the absence of special instructions we will use our own judgment, but with the distinct understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central and Pennsylvania Railroads, enabling us to ship in any direction over trunk lines.

BOXES AND BALES will be charged at actual cost.

CLAIMS for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on au-

thority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; but we will not entertain claims made after goods have been once accepted, or when report is not made within 10 days after arrival of the stock.

LIMITED LIABILITY AND NON-WARRANTY. We express or imply no warranty as to productiveness or life of the stock we sell. It is mutually agreed that our liability for untruthfulness to name is confined to free replacement or refund of purchase price plus interest and should the stock prove to be untrue to the name under which it is sold, it is further agreed that such adjustment shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises.

INSPECTION AND FUMIGATION Certificate of Inspection will be furnished with every shipment, and when required, stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers. We use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.

LOCATION. We are located 30 miles east of Rochester, N.Y., and cordially invite a visit and inspection of our establishment.
